

Karta przedmiotu / Course description

Cz. 1 / Part 1

| Informacje ogólne o przedmiocie / General information about the course | | |
|---|--|--|
| 1. Kierunek studiów / Major of study: medicine | 2. Poziom kształcenia / Study level: unified MSc | |
| | 3. Forma studiów / Form of study: intramural | |
| 4. Rok / Year: 3 | 5. Semestr / Semester: 5 | |
| 6. Nazwa przedmiotu / Course name: Environmental Health | | |
| 7. Status przedmiotu / Course status: required | | |
| 8. Treści programowe przedmiotu i przypisane do nich efekty uczenia się Course contents and assigned learning outcomes The course objectives are to teach students the principal concepts of environmental health, the impact of environmental factors on health and their role among risk factors of diseases, as well as to review opportunities for preventive measures. The outcomes of the course include: a) knowledge about basic methods used to assess the contribution of environmental factors to health and its disorders, including major diseases; b) understanding the role of life-style and physical and chemical factors in etiology of diseases; c) awareness of environmental exposure history in medical examination of patients. The specific topics include goals of environmental health, concept of environmental medicine, concept of occupational medicine, environmental burden of diseases, nutrition and eating disorders, stress, air pollution, water pollution, methods of environmental health risk evaluation (environmental epidemiology, biomonitoring, risk assessment) Efekty uczenia się/odniesienie do efektów uczenia się zawartych w standardach Learning outcomes / reference to learning outcomes indicated in the standards w zakresie wiedzy student zna i rozumie / For knowledge – student knows and understands: C.W14 Effect of environmental factors on human organism and the population, including routes of exposure C.W15 Consequences of human exposure to various chemical and biological factors, including preventive procedures C.W33 Internal and external harmful factors, both modifiable and nonmodifiable w zakresie umiejętności student potrafi / For skills student can do: C.U6 Assessment of environmental health risk and application of basic methods used to identify harmful chemical and physical factors in the environment G.U2 Collecting information on the occurrence of risk factors of infectious and chronic diseases, planning preventive measures on different levels of preventive programmes w zakresie kompetencji społecznych student jest gotów do / For social competencies student is ready to: communicate the results of environmental health studies to the patients, collaborate in a research teams and participate in a research report preparation, in the field of environmental health/environmental medicine | | |
| 9. liczba godzin z przedmiotu / Number of hours for the course | | 50 |
| 10. liczba punktów ECTS dla przedmiotu / Number of ECTS points for the course | | 4 |
| 11. Sposoby weryfikacji i oceny efektów uczenia się / Methods of verification and evaluation of learning outcomes | | |
| Efekty uczenia się Learning outcomes | Sposoby weryfikacji Methods of verification | Sposoby oceny* Methods of evaluation* |
| W zakresie wiedzy Knowledge | Sprawdzian pisemny – pytania otwarte Written evaluation – open questions Zaliczenie na ocenę – test wyboru | * |

| | Grade credit – MCQ | |
|--|--|---|
| W zakresie umiejętności Skills | Sprawozdanie / Report Obserwacja / Observation Egzamin praktyczny / Practical exam | * |
| W zakresie kompetencji Competencies | Obserwacja / Observation | * |

* zakłada się, że ocena oznacza na poziomie / The following evaluation system has been assumed:

Bardzo dobry (5,0) – zakładane efekty uczenia się zostały osiągnięte i w znacznym stopniu przekraczają wymagany poziom

Very good (5,0) – the assumed learning outcomes have been achieved and significantly exceed the required level

Ponad dobry (4,5) – zakładane efekty uczenia się zostały osiągnięte i w niewielkim stopniu przekraczają wymagany poziom

Better than good (4,5) – the assumed learning outcomes have been achieved and slightly exceed the required level

Dobry (4,0) – zakładane efekty uczenia się zostały osiągnięte na wymaganym poziomie

Good (4,0) – the assumed learning outcomes have been achieved at the required level

Dość dobry (3,5) – zakładane efekty uczenia się zostały osiągnięte na średnim wymaganym poziomie

Better than satisfactory (3,5) – the assumed learning outcomes have been achieved at the average required level

Dostateczny (3,0) – zakładane efekty uczenia się zostały osiągnięte na minimalnym wymaganym poziomie

Satisfactory (3,0) – the assumed learning outcomes have been achieved at the minimum required level

Niedostateczny (2,0) – zakładane efekty uczenia się nie zostały uzyskane

Unsatisfactory (2,0) – the assumed learning outcomes have not been achieved
